WORK EXPERIENCE

Paylocity   **Remote**
Software Engineer   *Jan 2020 – Present*
- Paylocity is an all-in-one HR & Payroll solution designed to improve the employee experience.
- Responsible for the architectural design and development of Paylocity's real-time employee feedback and journaling products used to empower transparent communication between a company and its workforce.
- Developed, implemented, and tested features across our platform utilizing C#, .NET Core, React with Redux, and SQL Server Management Studio.
- Worked directly with Project Managers, User Experience Engineers, Software Test Engineers, Business Stakeholders and customers to address specific needs from scoping, planning development, and maintenance.
- Actively involved in technical designs, hands-on coding, unit testing, performance tuning, test automation, deploys, and upgrades.

Paylocity   **Boise, ID**
Software Engineer Intern   *May 2019 – Aug 2019*
- Worked with a small team to improve the user experience utilizing C#, .NET Core, and React with Redux.
- Developed front-end features, added unit tests for existing code, and fixed bugs throughout the suite.
- Worked directly with Project Managers and User Experience Engineers to implement easy-to-use and innovative solutions.

MDU Resources Group, Inc   **Boise, ID**
Software Developer Intern   *May 2018 – Sep 2018*
- Developed and maintained user interfaces for internal websites and web applications.
- Interacted with RESTful APIs and formats (JSON, XML).
- Designed and developed responsive design websites.

Projects

Summit Stats   *March 2021 – Present*
- Summit Stats is an IOS application used to help friends and family stay connected throughout the winter season while skiing and snowboarding around the country.
- Designed and developed the app from scratch using React Native with Expo.
- Built, shipped, and hosted the application using AWS Amplify.
- Utilized AWS services including Auth, API, S3, and Lambda throughout the application to serve content.

EDUCATION

Boise State University   **Boise, ID**
BS Computer Science   *Aug 2015 – Dec 2019*
